Transition to Post-Secondary Settings Coordinated Plan for Transition Activities Summary

Transition planning teams should consider how the student's current or future AT use will impact success in each of these transition areas.

- Instruction** - Is instruction needed to prepare the student for new settings? Is the current AT appropriate? Will additional devices or services be needed for new settings?

- Related Services** - Is there a need for additional related services to prepare the student for post-secondary life? Are the current related services supporting AT use needed in future settings? Who will provide these? How can the student/family connect with necessary services?

- Community Experiences** - What opportunities need to be provided for the student to use AT in community experiences to prepare for post-secondary life, including government, socialization, recreation, banking, transportation, etc.?

- Employment** - If AT will be used as part of the student's employability, what services and strategies need to be considered? What activities using AT are needed to develop work related skills, including job seeking and retention skills, career exploration and paid employment?
